      1. We have reviewed our quarantine data from the first week of school carefully with the City's lead doctors, and have determined together that we can update our policy to align with CDC guidance to ensure that students are learning in-person as much as possible - while keeping our school communities safe.
      2. Starting Monday, September 27, we will no longer close entire classrooms when there is one positive case in a classroom. We will now follow the CDC guidance which recommends that unvaccinated students who are masked and at least three feet distanced will not have to quarantine if they are identified as a close contact.

3. We will be sharing this information with families in our next family letter, which we will send to you and make available on our [Messages for Families](#) page.
